

# Mrs. Allen

Hello, my name is Mrs. Allen. I am a native North Carolinian. I reside in Louisburg, N.C. with my husband of twenty one years and my two energetic sons, ages sixteen (16) and eleven (11). I am from a large family. I have nine siblings.

I earned my B.S. degree in Computer Information Systems from North Carolina Wesleyan College in Rocky Mount, North Carolina. I earned my Business Education certification from East Carolina University in Greenville, North Carolina. I worked for GlaxoSmithKline for ten (10) years before coming to work for Franklin County Schools as Administrative Assistant to the Director of Career and Technical Education.

Outside the classroom I enjoy reading, dancing, watching NFL football (Go Panthers!) and spending time with my family.

This is my ninth year of teaching. Therefore, I am fully aware of the high expectations and standards that both Louisburg High School and the community set for its teachers, so I again look forward to meeting those challenges.
