

Instructor

Canvas Teacher App

In this video, you will learn how to use the Canvas Teacher app.

After opening the app, you will see the Teacher app landing page. To log into the app, locate your institution by tapping the Find my school button. You can also log in by tapping a previously used login credential.

Enter the name of your institution or school district in the field. When the full name appears in the search list, tap the name. You can also enter a Canvas URL in the search field.

On the login page, enter your email and password.

Then tap the Log In button.

After logging in to the Canvas Teacher app, you will see your Dashboard, which displays your courses. By default, your favorite courses are displayed. To set up your favorite courses, tap the Edit link.

You can also view all courses by tapping the See All link.

To open a course, tap the course name.

In each course, you will view Course Navigation links. Tap any Course Navigation link to view the corresponding page.

To view course assignments, tap the Assignments link.

To view an assignment, tap the name of the assignment.

You can view all the details for the assignment including the title, description, points, submission types, and availability and due dates. To edit the assignment, tap the Edit link.

To view student submissions, tap a submission group.

Then tap the name of the student.

When viewing a student submission, you can leave annotations or comments on a document, update grades, or toggle between files.

To view other students' submissions, swipe to the left or right.

To leave the submission, tap the Done link on iOS or the Back icon on Android.

Then tap the Back icon until you return to Course Navigation

To view course users, tap the People link.

The People page contains all users in your course. You can change what displays on the page by searching for a user or filtering by user role.

To view a student's context card, tap the name of the student.

To return to your Dashboard, tap the Back icon.

At the bottom of the screen, you will see icons that take you to other areas of the Canvas Teacher app. Depending on your device, these icons may not display on every page.

To view your To Do list, tap the To Do icon.

The To Do list displays all ungraded assignments, discussions, and quizzes in your courses. To begin grading an item, tap the name of the item.

To view your Conversations, tap the Inbox icon.

The Inbox displays all Conversations messages and allows you to create a new message.

To return to your Dashboard, tap the Courses icon. Depending on your device, tapping the Courses icon may first take you to a previously viewed area within a course.

To open your User Menu, tap the Menu icon.

The User Menu allows you to access your user files, change users, or log out of the app. On iOS devices, the User Menu also includes a link to get help with the app.

To view app settings, tap the Settings icon.

On iOS devices, the Settings menu allows you to view the Canvas Guides and the Terms of Use.

On Android devices, the Settings menu allows you to manage profile settings, rate the app, or get help from Canvas Support.

You've now completed this tutorial video on the Canvas Teacher App.
